

Learn from on-farm research. Plan to attend...

Know how. Know **now**.

ON-FARM RESEARCH

Nebraska Soybean & Feed Grains

Profitability Project On-Farm Research Update

Tuesday, March 11 * 9 a.m. - 3 p.m.

At the Saunders County Extension Office

located at the UNL Agricultural Research & Development Center
August. N. Christenson Research & Education Building
Near Mead, Nebraska

Come and obtain valuable crop production-related information from on-farm research projects conducted on Nebraska farms.

The **Nebraska Soybean and Feed Grains Profitability Project** is an on-farm research project designed to provide farm operators practical research information. On-farm research comparisons are scientifically designed, statistically and economically analyzed and conducted for three years to assure reliable, useful data.

Registration is \$30 for non-NSFGPP members and includes a copy of the annual on-farm research report, refreshments and noon luncheon.

Pre-registration is required by Thursday, March 6.

For more information or to register, contact University of Nebraska-Lincoln Extension at (402)624-8030, (800)529-8030 or e-mail kglewen1@unl.edu.

“Dynamics of Water Resources in East Central Nebraska – Past - Present -Future”

will be presented by
the luncheon speaker

Jim Goeke,

**UNL Extension Hydrologist,
West Central Research &
Extension Center - North Platte**

**Come learn from
his research
and learn how you might
apply this information
to your operation!**
