

**University of Nebraska-Lincoln
Agricultural Research and Development Center (ARDC)
Hunting Policy**

Hunting on the ARDC shall not be allowed except under the following circumstances:

1. Upland bird — first two weekends only (Saturday and Sunday).
2. Deer — archery only, in season.
3. At the request of an ARDC Department Head for a specified reason and time period. This request must be approved by the ARDC Director and the Agricultural Research Division (ARD) Dean and Director prior to the activity. Verbal requests shall be followed up by written request(s) and approval(s).

The following conditions will be observed:

4. Departments must request permission from the ARDC Director to exclude land from hunting activities.
5. Any and all costs associated with hunting activities shall be divided equally among all Units at the ARDC. Departments may be asked to provide manpower during the designated hunting periods.

Violators shall be issued one warning. On the second offense, the violators shall be prosecuted under the full extent of the law.
